

LASH LIFT & TINT AFTERCARE

Keep your lashes lifted, tinted, and thriving for up to 6-8 weeks!

Keep lashes dry for the first 24-48 hours (avoid steam, moisture or sweat)

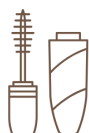

After 24-48 hours, use a gentle foaming facial cleanser (oil-free)

Avoid any oil-based make up remover, creams etc. near the eye area

Avoid washing your hair the first 24-48 hours. If needed, use dry shampoo

Avoid waterproof mascara. If you'd like to wear mascara, wait 24 hours and use only regular (non-waterproof) formulas.

Sleep on your back to maintain your lashes shape

Brush upward daily with a clean and dry spoolie

Be gentle—no rubbing your eyes and lashes

Consult your lash technician about using a professional-grade oil-free eyelash conditioner or keratin serum

Let lashes fully regrow before next treatment (6 -8 weeks)
